Mr. Walker is being supervised in the Eastern District of Texas (ED/TX). On June 14, 2016, this officer received a Violation Memorandum from United States Probation Officer (USPO) Rick Ramos in Plano, Texas, which indicated the following:

On April 5, 2016, the defendant was transported via EMS to Parkland Hospital in Dallas, Texas, where he was treated after ingesting 3-4 grams of methamphetamine.

On May 13, 2016, the defendant submitted a urine test that tested positive for opiates.

On June 9, 2016, the offender was transported for the second time to Parkland Hospital where he received treatment for methamphetamine use. During a search of his person at the hospital, 1.93 grams of methamphetamine was found in the offender's possession.

On or about June 9, 2016, in Dallas County, Texas, the defendant committed the offense of possession of methamphetamine. No charges have been filed as of this date.

On June 13, 2016, the defendant submitted a urine sample that tested positive for methamphetamine.

Re: WALKER, Jonathan

Case Number: 4:14-CR-1-001

On all the aforementioned occasions, the defendant either admitted usage and/or the specimens were confirmed positive by Alere Toxicology Services.

The United States Probation Office has attempted to assist the defendant with his drug addiction by placing him on a random drug screening program and referring him to outpatient substance abuse treatment with Fletcher Counseling and Associates in Plano, Texas. On April 5, 2016, and June 9, 2016, the defendant was taken into custody by the Irving Police Department and transported to Parkland Hospital for treatment on his admitted drug use. On both occasions, police determined that the defendant was a threat to himself and others and transported him to the Psych Ward of Parkland Hospital for a mental health evaluation. The defendant was subsequently released from Parkland Hospital on both occasions after it was determined that he did not have any mental health issues other than drug addiction. Following his release from Parkland Hospital on June 13, 2016, the defendant's father has refused to allow him to reside with him and his family due to his violent behavior and drug use. The defendant is homeless and residing in homeless shelters.

**ASSESSMENT OF FLIGHT/DANGER AND BOND RECOMMENDATION:** Mr. Walker is 32 years old. He is on supervision after being convicted of Counterfeiting Obligations of the United States. His Criminal History Category is III.

Based on the information above, it is clear that Mr. Walker suffers from a very serious methamphetamine addiction that is completely out of control. Attempts at intervention by the probation office in the ED/TX, including through outpatient substance abuse treatment, have failed.

In addition, according to his Presentence Report, Mr. Walker has three (3) prior adult convictions for Theft by Deception/Burglary, Unlawful Manufacturing a Controlled Substance, and Driving While License Suspended. Mr. Walker has also been arrested on at least six (6) other occasions for Assault/Escape, Attempted Possession/Receiving of a Controlled Substance, Driving on Suspended License, Criminal Simulation (2), and Possession of Schedule II Drugs/Possession of Drug Paraphernalia.

Based on the information above, and considering the severity of Mr. Walker's methamphetamine addiction and violent behavior, the probation office considers him to be both a danger to the community and a risk to flee. Therefore, it is respectfully recommended that he be detained pending a revocation hearing before the Court.

**Petitioning the Court to order:**

That a Warrant be issued and the defendant be ordered to appear in court for a hearing to determine whether the term of supervision should be revoked.
